INTRODUCTION

The City of Lake Forest, California, is requesting proposals from qualified architectural firms to provide site planning, architectural and design services for the new Civic Center. The architect will integrate the community's needs for recreational, cultural, and social amenities with municipal facilities at a new Civic Center. The Civic Center will reflect timeless design, connectedness to the community, and cost consciousness.

GENERAL BACKGROUND

Since incorporation, the City has leased space for City Hall at three different locations. Since late 2003, City Hall has been located at 25550 Commercentre Dr., one building in a five-building business park, on a shared parcel of land. City Hall currently resides in a multi-tenant building, and occupies the entire first floor of the building, and approximately half of the second floor of the building, for a total area of 40,864 square feet.

Over the past several years, the City has taken various steps to determine its long-term office space needs and evaluate permanent Civic Center alternatives as part of the Opportunities Study. The Opportunities Study is a comprehensive planning process that re-zones nearly 838 acres of land zoned for business and industrial use on five properties in Lake Forest. The zoning changes allow for a new plan with residential uses and facilities such as a sports park and community/civic center, gaining over \$100 million in public benefits for the community.

As part of the Opportunities Study, the Development Agreement with the Irvine Ranch Water District (IRWD) included transfer of a 9-acre portion of the property located at the extension of Indian Ocean Road, intended for future use as the Civic Center site. IRWD submitted an Irrevocable Offer of Dedication ("IOD") for the Civic Center site, required pursuant to the terms of a Development Agreement negotiated between the City and IRWD. The City deemed the IOD complete in April 2011 and recorded the document.

A Needs Assessment and Space Planning Program has been completed and presented to City Council, along with a conceptual plan. The City now wishes to select a qualified architectural firm to provide site planning, architectural and design services for the new Lake Forest Civic Center and to work with the City Council, City Staff and community toward the successful completion of this significant milestone project.

- Community Policing/Emergency Operations Center/Administrative Offices (47,000 square feet)

City Department/Offices to be included in the City Hall include: City Council, City Manager, City Attorney, City Clerk, Community Services, Development Services, Economic Development/Community Preservation, Finance, Management

Services, Public Works and Police Services (administrative office/meeting space for contracted law enforcement personnel).

3.2.10.4 Primary and Non-Contributing Insurance. All insurance coverages shall be primary and any other insurance, deductible, or self-insurance maintained by the indemnified parties shall not contribute with this primary insurance. Policies shall contain or be endorsed to contain such provisions.

3.2.10.5 Waiver of Subrogation. Required insurance coverages shall not prohibit Consultant from waiving the right of subrogation prior to a loss. Consultant shall waive all subrogation rights against the indemnified parties. Policies shall contain or be endorsed to contain such provisions.

3.2.10.6 Deductible. Any deductible or self-insured retention must be approved in writing by the City and shall protect the indemnified parties in the same manner and to the same extent as they would have been protected had the policy or policies not contained a deductible or self-insured retention.

3.2.10.7 Evidence of Insurance. The Consultant, concurrently with the execution of the Agreement, and as a condition precedent to the effectiveness thereof, shall deliver either certified copies of the required policies, or original certificates and endorsements on forms approved by the City. APPENDIX D

EVALUATION PROCEDURES

A. Selection Committee

Proposals submitted will be evaluated by a Selection Committee, appointed by the City Manager.

B. Review of Proposals

The Selection Committee will use a point formula during the review process to individually score Project Proposals, as outlined in Section C1 below, "Project Proposal Evaluation Criteria." The Selection Committee will then be convened to review and discuss these evaluations and combine the individual scores to arrive at an average composite Project Proposal score for each firm. Firms that do not meet "Mandatory Elements" listed in Section C1 below will be eliminated from further consideration.

After the composite Project Proposal score for each firm has been established based upon the "Qualitative Evaluation" criteria listed in Section C2, the Selection Committee may request oral presentations from a subset of those firms with a minimum score of 70 points. Based upon score rankings, the six (6) highest ranking firms may be interviewed. The Selection Committee may also schedule a site visit, if applicable. The sealed Cost Proposal of firms receiving a minimum score of 70 points on the qualitative review will be opened to ensure that the Cost Proposal is reasonable. A summary of all Project Proposals, qualifying on the basis of the qualitative review and interview, will be submitted, along with a summary of their respective Cost Proposals, to the City Council for final determination.

C. Project Proposal Evaluation Criteria

Proposals will be evaluated using three (3) sets of criteria. Firms meeting the mandatory elements will have their proposals evaluated and scored. The following represent the

principal selection criteria which will be considered during the evaluation process.

1. Mandatory Elements

- a. The firm is independent and properly licensed to practice in California.
- b. The firm has no conflict of interest with regard to any other work performed by the firm for the City.
- c. The firm adheres to the instructions in this RFP on preparing and submitting the proposal.
- d. The firm included a Letter of Transmittal in the Project Proposal.

2. Qualitative Evaluation (Maximum Points = 100)

In order to be considered the proposer must achieve at least 70 points. (Points will be assigned by the Department Director or Coordinator.)

- a. Expertise and Experience (40 points)
 - i. The firm's past experience and performance on comparable private/government engagements.
 - ii. The quality of the firm's professional personnel to be assigned to the engagement and the quality of the firm's management support personnel to be available for technical consultation.
 - iii. References relative to personnel assigned to this project.
 - iv. Understanding of work to be done.
 - v. Firm's statement on why it believes itself to be best qualified.

- b. Scope of Work (30 points)
 - i. Response to all items.
 - ii. Additional information.
- c. Allocation of Resources (30 points)
 - i. Appropriateness of services to the requirements of the City.
 - ii. Distinguishing features, skills and/or services.

D. Oral Presentations/Interviews

During the evaluation process, the Selection Committee may request oral presentations from a subset of those firms with a minimum score of 70 points. Oral presentations will provide firms with an opportunity to answer any questions the Selection Committee may have on a firm's Project Proposal.

The maximum points assigned to interviews shall be 100 points, the same number as the qualitative proposal. The equal point spread between the qualitative proposal and the interview is intended to balance a firm's written representation with their in-person representation of both personnel and end products. In addition, the interview process is a valuable tool to assess the communication skills and professional demeanor of proposed project personnel. The interview score is arrived at independently from the qualitative proposal score and the two may differ significantly. The interview portion allows staff greater flexibility to choose a qualified firm with strong communication skills and technical expertise.

E. Cost Proposal Evaluation

The Cost Proposal is opened for each firm who has received an average score of at least 70 points after the qualitative review and the oral presentation. The Cost Proposal of the top ranked firm is evaluated to determine if it is reasonable. The

primary tests of reasonableness are comparison to the City's estimated project cost and the City's project budget. Additional factors include prior experience, comparative costs in neighboring or other relevant communities, professional judgment and comparison to the costs submitted by qualified vendors for the proposed project.
